DETAILED ACTION

Priority

This application is a divisional of 09/996,927 11/29/2001 which claims benefit for domestic priority under 35 U.S.C. §§ 120 and /or 121 is acknowledged.

Status of Claims

Claims 17, and 20-25 are currently pending in the application. Claims 1-16, 18-19 and 26-30 were previously canceled.

Receipt is acknowledged of Applicant's response filed on September 07, 2004 and that has been entered.

Claims 24 and 25 are withdrawn from further consideration pursuant to 37 C.F.R. 1.142 (b) as being drawn to a non-elected subject matter.

Information Disclosure Statement

Receipt is acknowledged of Information Disclosure Statement (IDS), filed on 12/05/2003, which has been entered in the file.

Response to Election/Restriction

In response to the restriction requirement, Applicants have elected Group II, which includes claims 20 and 21 drawn to compounds and the elected species as set forth in claim 21 with traverse is acknowledged. The traversal is on the ground(s) that the claims of Group III (claims 22 and 23) should be rejoined and examined with the elected Group II because the search and examination of all claims in Group II and III can be made without a "serious burden" on the Examiner.

Applicant's arguments are fully considered and found persuasive (because those claims fall within the scope of elected invention) and therefore, Examiner agrees to withdraw restriction requirements between Groups II and III, and rejoin claims 22 and 23 with the elected invention (Group II). However, during a telephonic interview, with Mr. Sandip Patel (Attorney for Applicant) on October 6, 2004, Applicant has agreed to cancel non-elected claims 24 and 25 of Group IV. On the other hand, Examiner also has agreed to rejoin claim 17. Therefore, the Office action for restriction requirements (mailed on 08/09/2004) for the invention Group IV has been maintained and therefore, the requirement for restriction is still deemed proper and is therefore made FINAL.

Applicants preserve their right to file a divisional on the non-elected subject matter.

Examiner's amendment

An Examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this Examiner's amendment was given in a telephone interview with Mr. Sandip Patel (Attorney for Applicant) on October 6, 2004.

The application has been amended as follows:

- a. 24 and 25 have been canceled.

Reasons for allowance

The following is an Examiner's statement of reasons for allowance:

Hutchinson *et al* (US 6,124,334) teach the hetero-aromatic ring substituted phenyloxazolidinone compounds, and their methods of uses thereof. The instant compounds differ from the prior art by having a core oxazole ring, which is further substituted directly or indirectly by a chemical moiety such as, $B(OH)_2$ or a 6-membered heterocyclic ring. The prior art compounds neither teach nor render obvious the instant claimed compounds or their method of preparation and there is no suggestion or motivation to modify the compounds of other prior art to obtain the instant compounds. Therefore the instant claims 17 and 20-23 are allowable over the prior art of record.
